SUMMARY OF MARKET RENTAL PACKAGE OF INITIAL HOTEL PROPERTIES IN RESPECT OF THE 2023 FISCAL YEAR

Reference is made to the announcements dated 29 October 2010, 9 September 2011, 27 August 2012, 26 August 2013, 26 August 2014, 13 March 2015, 14 April 2015, 24 September 2015, 30 September 2016, 4 October 2017, 5 October 2018, 25 September 2019, 29 November 2019, 24 September 2020, 26 November 2020, 27 September 2021, 26 November 2021 and 28 September 2022 issued by Regal REIT. In accordance with the Lease Agreements, the Valuer was jointly appointed by the Lessors and the Lessee and was instructed to conduct a rent review to determine the Market Rental Package for 2023, which includes the amount of market rents (including Base Rent and Variable Rent), the Lessee's contribution to the FF&E Reserve for each of the Initial Hotel Properties, the amount of the Security Deposit and the manner of payment.

For reasons as explained in the announcement issued by Regal REIT on 28 September 2022, the REIT Manager (acting on behalf of the Lessors) and the Lessee agreed to allow the Valuer to determine the Market Rental Package for the 2023 Fiscal Year by no later than 30 November 2022. The Valuer issued her report on the determination of the Market Rental Package for 2023 for the Initial Hotel Properties on 21 November 2022.

According to the 2023 Market Rental Package Determination, the aggregate amount payable by the Lessee as Base Rent is HK\$480 million for the 2023 Fiscal Year (an increase of HK\$5 million as compared with the Base Rent of HK\$475 million in the Market Rental Package for 2022). The individual Base Rents determined for the Initial Hotel Properties are equal to or higher than the respective minimum annual rental payments comprised within the aggregate annual Floor Rent of HK\$400 million provided in the Lease Agreements. In addition, the Variable Rent will continue to be based on the same sharing ratio of 50% of the Collective NPI Excess for the 2023 Fiscal Year. The Security Deposit comprised within the 2023 Market Rental Package Determination is HK\$120 million (as compared with the Security Deposit of HK\$118.75 million comprised in the Market Rental Package for 2022). Summaries of the 2023 Market Rental Package Determination and the valuation methodologies are set out in this announcement. The manner of payment of each component of the 2023 Market Rental Package Determination will be consistent with that set out in the 2022 Market Rental Package Determination. The existing Security Deposit will expire on 31 December 2022, and the replacement Security Deposit is to be procured and provided to the Lessors within 60 days after the determination of the Market Rental Package under the terms of the Lease Agreements. However, with the deferment of the determination of the Market Rental Package for 2023 to no later than 30 November 2022, as referred to above, the replacement Security Deposit will be procured and provided to the Lessors before 1 January 2023. The replacement Security Deposit, in the form of replacement third party guarantee(s) (or standby letter(s) of credit or other equivalent form(s) of security), will be issued by licensed bank(s) in Hong Kong effective on 1 January 2023.

The Total Distributable Income (“**TDI**”) available for distribution to Unitholders and the distribution per Unit for each financial year are affected by various factors including, most importantly, the total rental and hotel income receivable by Regal REIT from all its hotel properties for such financial year. For the six months ended 30 June 2022, the prorated Base Rent derived from the Initial Hotel Properties amounted to HK\$237.5 million, which was approximately 68.32% of the total rental and hotel income of Regal REIT, and Variable Rent of HK\$26.8 million was earned for the period, which will be subject to adjustment based on the aggregate NPI achieved for the whole year. Pursuant to the 2023 Market Rental Package Determination, there will be an increase of HK\$5 million in the Base Rent for the 2023 Fiscal Year as compared to that in the Market Rental Package for 2022. The Variable Rent receivable will continue to be based on the same 50% sharing of the Collective NPI Excess over the Base Rent for the 2023 Fiscal Year. The adopted mechanism of having a high proportion of Base Rent, plus a potential upside sharing through Variable Rent, provides assurance of a relatively stable rental income from the Initial Hotel Properties for Regal REIT on a yearly basis. As at 30 June 2022, the valuation of the Initial Hotel Properties was HK\$18,194 million, representing 78.46% of the total valuation of HK\$23,190 million of Regal REIT’s properties portfolio.

Given the variables involved in the determination of the Base Rent and the Variable Rent from year to year, investors should exercise caution in dealing in the units of Regal REIT.

Pursuant to 5.2(f) of the REIT Code, the Valuer's report on the Market Rental Package for 2023 is available for inspection by the public during normal office hours at the REIT Manager's place of business at Unit No. 2001, 20th Floor, 68 Yee Wo Street, Causeway Bay, Hong Kong.

The INEDs confirm that the rent review in respect of the 2023 Market Rental Package Determination has been conducted in accordance with the terms of the Lease Agreements.

A. BACKGROUND INFORMATION ON THE LEASE TERM AND RENTAL INCOME STRUCTURE

Reference is made to the announcements dated 29 October 2010, 9 September 2011, 27 August 2012, 26 August 2013, 26 August 2014, 13 March 2015, 14 April 2015, 24 September 2015, 30 September 2016, 4 October 2017, 5 October 2018, 25 September 2019, 29 November 2019, 24 September 2020, 26 November 2020, 27 September 2021, 26 November 2021 and 28 September 2022 issued by Regal REIT. Unless otherwise defined herein, capitalised terms used in this announcement shall have the same meanings ascribed to them in the announcement dated 29 October 2010.

B. APPOINTMENT OF VALUER

In accordance with the Lease Agreements, Ms. Stella Ho was jointly appointed as an independent professional property valuer (the “**Valuer**”) and was instructed on 29 June 2022 to conduct a rent review to determine the Market Rental Package in respect of the 2023 Fiscal Year for the Initial Hotel Properties (the “**Market Rental Package for 2023**”), based on the assumptions and disregards provided in the Lease Agreements. Ms. Ho was also jointly appointed as the Valuer to determine the market rental package for the iclub To Kwa Wan Hotel (formerly known as iclub Ma Tau Wai Hotel) for the period from 4 September 2022 to 31 December 2023 and the market rental packages for the iclub Sheung Wan Hotel and the iclub Fortress Hill Hotel for the 2023 Fiscal Year, which are all held by Regal REIT. Separate announcements on the determination of the market rental packages for the iclub Sheung Wan Hotel and the iclub Fortress Hill Hotel for the 2023 Fiscal Year are made on this same date. Ms. Ho is a Chartered Surveyor with over 20 years' experience in the valuation of properties of similar magnitude and nature in Hong Kong, and is currently an executive director at Colliers International (Hong Kong) Limited, which is the principal valuer of Regal REIT.

C. DEFERMENT OF 2023 MARKET RENTAL PACKAGE DETERMINATION

For reasons as explained in the announcement issued by Regal REIT on 28 September 2022, the REIT Manager (acting on behalf of the Lessors) and the Lessee agreed to allow the Valuer to determine the Market Rental Package for the 2023 Fiscal Year for the Initial Hotel Properties (the “**2023 Market Rental Package Determination**”) by no later than 30 November 2022.

Ms. Ho issued her report (the “**Report**”) on the 2023 Market Rental Package Determination on 21 November 2022.

D. THE 2023 MARKET RENTAL PACKAGE DETERMINATION

1. Summary of the 2023 Market Rental Package Determination

A summary of the 2023 Market Rental Package Determination, together with the corresponding components in respect of the Market Rental Package for 2022, are as follows:

<u>Market Rental Package Component</u>	<u>Market Rental Package for 2023</u>	<u>Market Rental Package for 2022</u>

Lessee’s contribution to the FF&E Reserve ⁽⁵⁾	No contribution by the Lessee	No contribution by the Lessee
Amount of Security Deposit ⁽⁶⁾	HK\$120 million	HK\$118.75 million

Notes:

- (1) According to the Lease Agreements, during the Second Lease Period and the extended lease period commencing from 1 January 2016 to 27 December 2028 (for Regal Airport Hotel) and 31 December 2030 (for the other four Initial Hotel Properties) (the “**Extended Period**”), the Floor Rent will be HK\$400 million per annum, such amount being an aggregate of the respective minimum annual rental payments in respect of Regal Airport Hotel, Regal Hongkong Hotel, Regal Kowloon Hotel, Regal Oriental Hotel and Regal Riverside Hotel, which are, respectively, HK\$175 million, HK\$60 million, HK\$65 million, HK\$30 million and HK\$70 million.
- (2) According to the Lease Agreements, during the Second Lease Period and the Extended Period, the Lessee will pay to the Lessors, on a monthly basis, the higher of one-twelfth of the Floor Rent of HK\$400 million and the monthly base rent comprised within the Market Rental Package Determination for the year, in such manner that the monthly lease income of the Lessors will not be less than one-twelfth of the Floor Rent.
- (3) The base rent of the Initial Hotel Properties comprised within the 2023 Market Rental Package Determination is HK\$480 million, being the aggregate of the base rents set out in the table above which, in each case, is equal to or higher than the respective minimum annual rental payments in respect of each of the Initial Hotel Properties as stated in Note (1). The aggregate amount payable by the Lessee as Base Rent for the 2023 Fiscal Year represents an increase of HK\$5 million as compared with the Base Rent of HK\$475 million for the 2022 Fiscal Year. The Variable Rent receivable for the 2023 Fiscal Year will continue to be based on the same 50% sharing of the Collective NPI Excess for the 2023 Fiscal Year.
- (4) For the six months ended 30 June 2022, as the NPI from hotel operations of the Initial Hotel Properties amounted to approximately HK\$291.0 million, which was above the prorated Base Rent amount of HK\$237.5 million, Variable Rent of HK\$26.8 million was earned for the period, which will be subject to adjustment based on the aggregate NPI achieved for the whole year.
- (5) According to the Lease Agreements, the Lessee was required to contribute monthly to the FF&E Reserve an amount equal to 2% of the Total Hotel Revenue for each Fiscal Year in the First Lease Period. According to the Report, as a general practice of the hotel industry in Hong Kong, the owner of the hotel (equivalent to the Lessor in each Lease Agreement) is responsible for contributing funds which are set aside and applied to meet the costs of investments in the replacement of furniture, fixtures and equipment at the relevant hotel premises, for the purposes of maintaining such premises at the applicable operating standards and operating capacity. The Valuer is, therefore, of the opinion that the obligation to contribute to the FF&E Reserve could be transferred from the Lessee to the Lessors based on local practice and, consistent with the 2022 Market Rental Package Determination, concluded in the 2023 Market Rental Package Determination that none of the Total Hotel Revenue shall be contributed by the Lessee to the FF&E Reserve for the 2023 Fiscal Year.

- (6) Pursuant to the Lease Guarantees, Regal, as guarantor, procured the Initial Security Deposit in favour of the Lessors and the Trustee in the form of a letter of credit to cover its payment obligations and that of the Lessee for the period up to 30 June 2011. Regal has further undertaken that, unless the Lease Agreements are terminated, the same or other equivalent arrangement (the “**Security Deposit**”, as further described in paragraph D.2 of this announcement) shall, at the sole cost and expense of Regal, remain in place and effective until the end of the term of the Lease Agreements, upon the same terms as the Initial Security Deposit. In accordance with the amendments to Lease Guarantee, the Security Deposit for the Extended Period is to be at an amount equal to the highest of: (a) the amount which the Valuer determines to be the market rate for security deposit; (b) 25% of the annual base rent as determined by the Valuer upon each annual rent review; and (c) 25% of the Floor Rent. Regal is required, within 60 days after the determination of an annual rent review, to arrange for such bank guarantee to be topped up or adjusted or replaced to an amount equal to such resulting highest amount. According to the 2023 Market Rental Package Determination, the security deposit payable for renting an en bloc hotel of comparable scale to the Initial Hotel Properties is normally three months base rent, which is determined by the Valuer to be the market rate for security deposit. The Valuer therefore determined the security deposit shall be three months base rent, which in the case of the Initial Hotel Properties is HK\$120 million, equivalent to 25% of the determined annual base rent comprised within the 2023 Market Rental Package Determination, such amount being the highest of (a), (b) and (c).

2. Manner of Payment

The manner of payment of the Base Rent, Variable Rent, Security Deposit and the Lessee’s contribution to the FF&E Reserve according to the 2023 Market Rental Package Determination will be consistent with that set out in the 2022 Market Rental Package Determination. The existing Security Deposit will expire on 31 December 2022, and the replacement Security Deposit is to be procured and provided to the Lessors within 60 days after the determination of the Market Rental Package under the terms of the Lease Agreements. However, with the deferment of the determination of the Market Rental Package for 2023 to no later than 30 November 2022, as referred to above, the replacement Security Deposit will be procured and provided to the Lessors before 1 January 2023. The replacement Security Deposit, in the form of replacement third party guarantee(s) (or standby letter(s) of credit or other equivalent form(s) of security), will be issued by licensed bank(s) in Hong Kong effective on 1 January 2023.

E. SUMMARY OF ASSUMPTIONS AND OUTLINE OF VALUATION METHODOLOGIES

1. Assumptions Contained in the 2023 Market Rental Package Determination

The 2023 Market Rental Package Determination was based on the assumptions and disregards set out in the Lease Agreements, including the following:

- (a) that the rental payable by the Lessee shall be exclusive of rates, government rent, utility charges and all other outgoings payable by the Lessee;
- (b) that each of the Initial Hotel Properties is available to let on the open market by a willing landlord to a willing tenant without a premium and with vacant possession having regard to similar premises having similar characteristics and attributes;
- (c) that the length of the lease would be in line with other leases in the market with similar nature;
- (d) that each of the Initial Hotel Properties is fit for immediate occupation and use and incorporates fixtures and fittings which are of a standard and description commensurate with the nature of the premises and which are suitable for the use and occupation of the willing tenant;
- (e) that in case any part of the Initial Hotel Properties has been damaged or destroyed, it has been fully restored;
- (f) that no reduction is to be made to take account of any inducements;
- (g) disregarding any effect on rent of the fact that the Lessee has been or is in occupation of the Initial Hotel Properties or any part thereof; and
- (h) disregarding any goodwill attributable to the Lessee's business carried on at the Initial Hotel Properties.

2. Outline of Valuation Methodologies

The Valuer adopted a reasonable percentage of gross revenue as her primary approach in her valuation to determine the Base Rent comprised within the 2023 Market Rental Package Determination. The Valuer also analysed similar sales transactions in Hong Kong to assess the market values of the Initial Hotel Properties, and the Base Rent was then derived from the adoption of what the Valuer determined to be appropriate yields on such market values. As the Valuer was of the view that rental transactions for hotels are rare in Hong Kong, rental transactions of upper commercial premises were also analysed as a cross-check and benchmark for the purposes of the 2023 Market Rental Package Determination.

F. CONSIDERATIONS IN RESPECT OF THE MARKET RENTAL PACKAGE FOR 2023

1. General Hotel Market Conditions

The hotel business is cyclical and sensitive to changes in the global, regional or local economies generally; and since demand for hotel services in Hong Kong is affected by economic growth, a global, regional or local change could affect the overall performance of the local hotel industry.

Based on a research report released by the World Bank Group in June 2022, the world economy continued to suffer from a series of destabilising shocks during the first half of 2022. After more than two years of pandemic, the recent war in Ukraine has led to high commodity prices, supply chain disruptions, inflation and tighter financial conditions, which have steepened the slowdown in global growth. The outlook for the global economy is overshadowed by various downside risks.

Due mainly to the sporadic COVID-19 outbreaks and related strict lockdowns, economic activities in China have slowed sharply, with growth in consumer spending particularly subdued. Trade and manufacturing investments have lost momentum, owing to supply disruptions. Based on information published by the National Bureau of Statistics of China, the Gross Domestic Product (GDP) of China for the first half of 2022 only increased by 2.5% year-on-year. It is expected that China will implement more stimulus plans to boost the economy in order that its GDP growth for the whole year of 2022 can catch up to its anticipated target.

Impacted by the global economic events and the pandemic, Hong Kong's economy suffered a major setback in the first quarter of 2022, with its GDP having decreased by 3.9% year-on-year. As the pandemic situation began to subdue, the local labour market regained some momentum in the second quarter. Based on information published by the Census and Statistics Department, the seasonally adjusted unemployment rate decreased from 5.1% in the 3-month period from March to May to 4.7% in April to June in 2022. Moreover, the drop in Hong Kong's GDP in real terms in the second quarter of 2022 also moderated to 1.3%, as compared with a year earlier.

Due to the outburst of the 5th wave of the pandemic in Hong Kong early this year, travel restrictions and quarantine measures were tightened and many international flights were banned. It was only in the second quarter that these restrictive measures were gradually relaxed and overseas visitors permitted to enter Hong Kong from May 2022.

Under this environment, based on information published by the Hong Kong Tourism Board (the "HKTB"), total visitors to Hong Kong during the first nine months of 2022 amounted to 249,699, representing an increase of 295.7% year-on-year, of which 201,585 were visitors from Mainland China, an increase of 337.7% year-on-year. Of the total arrivals, overnight visitors accounted for 238,000, which posted an increase of 282.3% year-on-year. The number of visitors from other short-haul markets (excluding Mainland China) had an increase of 154.6% and those from the long-haul markets also recorded an increase of 219.6% year-on-year.

The HKTB's statistics indicated that the average hotel room occupancy level for all the surveyed hotels under different categories in Hong Kong for the nine months ended 30 September was up from 60% in 2021 to 66% in 2022, while the average achieved room rate increased by 26.4%, resulting in a growth in the Revenue per Available Room (RevPAR) of 39.0% year-on-year.

2. Performance of Initial Hotel Properties for the six months ended 30 June 2022

For the six months ended 30 June 2022, the average room rate for the Initial Hotel Properties was HK\$1,005.18 (representing an increase of 119.1% from HK\$458.75 for the same period in 2021) and the average occupancy rate was 68.8% as compared to 47.5% for the same period in 2021, resulting in an increase of 217.1% in the combined average RevPAR as compared to the same period in the 2021 Fiscal Year.

For the six months ended 30 June 2022, the aggregate NPI from hotel operations of the Initial Hotel Properties amounted to approximately HK\$291.0 million. As this amount was above the prorated Base Rent of HK\$237.5 million, Variable Rent of HK\$26.8 million was earned by Regal REIT for such period, which will be subject to adjustment as mentioned above.

3. Market Rental Package for 2023

In respect of the Market Rental Package for 2023, the aggregate amount of HK\$480 million payable by the Lessee as Base Rent for the 2023 Fiscal Year represents an increase of HK\$5 million as compared with the Base Rent of HK\$475 million for the 2022 Fiscal Year. The individual Base Rents determined for the Initial Hotel Properties are equal to or higher than the respective minimum annual rental payments (as stated in Note (3) set out in paragraph D.1 above) provided in the Lease Agreements. The Base Rent for each of the Initial Hotel Properties comprised within the 2023 Market Rental Package Determination has been based on the Valuer's professional assessment on the market environment for 2023 (including the assumptions and disregards set out in paragraph E.1 above) and on certain factors relating to each of the Initial Hotel Properties, and taking into consideration the current market conditions of the hotel and tourism industry in Hong Kong.

Pursuant to the 2023 Market Rental Package Determination, the Variable Rent receivable for the 2023 Fiscal Year will be based on the same 50% sharing of the Collective NPI Excess for the 2023 Fiscal Year, which is a reasonable and fair proportion to both the Lessor and the Lessee.

4. Impact on Total Distributable Income and Distribution per Unit

The TDI available for distribution to Unitholders and the distribution per Unit for each financial year are affected by various factors including, most importantly, the total rental and hotel income receivable by Regal REIT from all its hotel properties for such financial year. For the six months ended 30 June 2022, the prorated Base Rent derived from the Initial Hotel Properties amounted to HK\$237.5 million, which was approximately 68.32% of the total rental and hotel income of Regal REIT, and Variable Rent of HK\$26.8 million was earned for the period, which will be subject to adjustment as mentioned above. Pursuant to the 2023 Market Rental Package Determination, there will be an increase of HK\$5 million in the Base Rent for the 2023 Fiscal Year as compared to that in the Market Rental Package for 2022. The Variable Rent receivable will continue to be based on the same 50% sharing of the Collective NPI Excess for the 2023 Fiscal Year. The adopted mechanism of having a high proportion of Base Rent, plus potential upside sharing through Variable Rent, provides assurance of a relatively stable rental income from the Initial Hotel Properties for Regal REIT on a yearly basis. As at 30 June 2022, the valuation of the Initial Hotel Properties was HK\$18,194 million, representing 78.46% of the total valuation of HK\$23,190 million of Regal REIT's properties portfolio.

Given the variables involved in the determination of the Base Rent and the Variable Rent from year to year, investors should exercise caution in dealing in the units of Regal REIT.

G. INSPECTION OF VALUER’S REPORT

Pursuant to 5.2(f) of the REIT Code, the Valuer’s report on the Market Rental Package for 2023 is available for inspection by the public during normal office hours at the REIT Manager’s place of business at Unit No. 2001, 20th Floor, 68 Yee Wo Street, Causeway Bay, Hong Kong.
